Date of Birth: 7th February 1993 • Place of Birth: Takestan, Iran

PROFESSIONAL SUMMARY

Procurement & Supply Chain Specialist with 10+ years of experience in procurement, supplier development and commercial operations across EPC, industrial manufacturing and process automation projects. Managed procurement portfolios exceeding €10 million across 8 national-scale projects while negotiating with more than 30 international suppliers throughout Europe and Asia. M.Sc. in Chemical Engineering and currently pursuing a M.A. in International Management. Fluent in English (C1) with German proficiency at A2 (currently improving).

Core Competencies

Procurement Management • Strategic Procurement • Strategic Sourcing • Tender Management • Supplier Management • Commercial Negotiation • Contract Negotiation • Industrial Manufacturing • Process Automation

PROFESSIONAL EXPERIENCE

Commercial Consultant (Remote)

Petro Sanat Lidoma Engineering Services (PSL) | Engineering & Procurement Company specializing in Industrial Automation and Control Systems | Cologne, Germany | March 2026 – Present

- Advise executive management on procurement strategy, supplier selection, commercial negotiations and sourcing decisions for EPC, industrial manufacturing and automation projects.
- Lead supplier qualification, evaluation and commercial negotiations with international manufacturers and engineering service providers.
- Support procurement activities for the design, manufacturing and supply of industrial control panels, electrical equipment and process automation systems.

Procurement Manager & Executive Coordinator

Petro Sanat Lidoma Engineering Services (PSL) | Tehran, Iran | December 2017 – February 2026

Held both positions concurrently, combining procurement leadership with executive-level operational coordination across the company's EPC project portfolio.

- Directed procurement strategy and commercial operations across 8 national-scale EPC and industrial manufacturing projects, managing procurement portfolios exceeding €10 million.
- Led strategic sourcing initiatives and negotiated commercial agreements with 30+ international suppliers, achieving approximately 10% procurement cost savings.
- Optimized procurement processes by implementing digital documentation and standardized workflows, improving procurement efficiency and reporting transparency by approximately 50%.
- Managed end-to-end procurement for industrial control panels, electrical systems, instrumentation and process automation equipment, ensuring alignment with technical specifications, project schedules and quality standards.
- Coordinated cross-functional collaboration among engineering, procurement, manufacturing, logistics, finance and executive management while monitoring supplier performance, contract execution and delivery KPIs.

Procurement Specialist

Petro Sanat Lidoma Engineering Services (PSL) | Tehran, Iran | June 2016 – November 2017

- Conducted technical and commercial bid evaluations for capital equipment and engineering services in Oil & Gas and Petrochemical projects.
- Supported procurement activities for industrial electrical control panels, instrumentation systems and process packages.
- Negotiated pricing, delivery schedules, payment terms and INCOTERMS with international suppliers across Europe and Asia.

Research Assistant

Iran University of Science and Technology (IUST) | Tehran, Iran | Jan 2016 – May 2016

- Conducted research on viscosity reduction of heavy crude oil, resulting in a peer-reviewed publication in the Iranian Journal of Chemistry and Chemical Engineering. Performed simulation and economic evaluation of adsorption refrigeration systems; delivered MS Excel training for undergraduate engineering students.

Process Engineering Intern

Energy Industries Engineering & Design (EIED – part of OIEC Group) | Tehran, Iran | June 2015 – August 2015

- Conducted technical and economic analyses of Oil & Gas process plants during the FEED phase; assisted with process simulations and data validation.

EDUCATION

Master of Arts in International Management

Hochschule Fresenius | Cologne, Germany | March 2026 – Expected Graduation: February 2028

Master of Science in Chemical Engineering

Iran University of Science and Technology (IUST) | Tehran, Iran | September 2015 – March 2018

Bachelor of Science in Chemical Engineering

Iran University of Science and Technology (IUST) | Tehran, Iran | September 2011 – September 2015

SKILLS

Procurement & Commercial: Tender & RFQ Management, Procurement Planning & Operations, Commercial Evaluation, Contract Negotiation & Administration, Supplier Management, Cost Optimization, Logistics Coordination, INCOTERMS

Project Management: EPC Project Delivery, Stakeholder Management, Scheduling & Planning, Risk Management, Engineering Coordination, Project Documentation, Manufacturing Coordination, Cross-functional Collaboration

Technical: Control Panel Manufacturing, Process Automation, FEED, Process Engineering, Technical Bid Evaluation, ISO 9001, ISO 14001

Digital & Software: Microsoft Office (Advanced: Excel, Word, PowerPoint, Outlook), Microsoft Project, Microsoft Visio, VMware vSphere, Windows Server Administration

LANGUAGES

Persian (Native) • English (C1 – TOEFL iBT 101/120) • German (A2, currently improving) • Turkish (A2)

CERTIFICATES & TRAINING

- Procurement & Import of Goods – Tehran Chamber of Commerce, 2019
- EPC Contracts, Taxation & Social Security – Iran MPORG, 2024
- TOEFL iBT – Score 101/120, 2023
- Stepping into Leadership Workshop, 2026
- VMware Certified Professional – Data Center Virtualization (VCP-DCV 8), 2025
- Microsoft Certified Systems Administrator (MCSA), 2025
- AI Study Buddy – Research in Academic Writing, 2026

PUBLICATIONS

Soleimani, A., Sobati, M. A., & Movahedirad, S. (2021). *An investigation on the viscosity reduction of Iranian heavy crude oil through dilution method*. *Iranian Journal of Chemistry and Chemical Engineering*, 40(3), 934–944.

ENGAGEMENTS & VOLUNTEERING

Course Representative

Hochschule Fresenius | Cologne, Germany | April 2026 – Present

- Represent student interests as liaison between students and faculty; coordinating communication on academic and administrative matters.

Volunteer Member

Iranian Red Crescent Society | Since 2008

PERSONAL INTERESTS

Personal Development • Language Learning • International Cultures • Volleyball • Hiking • History & Geography
